Youth20 (Y20) is the Official G20 Youth Engagement Group and, for the first time in history, is led by Brazil in 2024. Throughout the year, a set of fundamental activities have been developed for the process of articulation, dialogue, and negotiation of the document with the demands and proposals of the youth for the G20 Leaders' Summit.

Closing the flow of official agendas for the preparation of the Communiqué, the **Y20 Summit** will be held between August 10 and 17, 2024, in the city of Rio de Janeiro, with the official opening on August 12. According to the schedule to be presented throughout this document, the Summit's working and negotiation meetings will be interspersed with moments of cultural immersion and training spaces that can expand the knowledge of the Y20 Delegations, Brazilian civil society, and the social contexts of Brazil and the country's mobilizations in light of the priority topics of discussion.

Group of Twenty - G20

The **G20 (Group of Twenty)** is the main forum for international economic cooperation, playing an essential role in shaping and strengthening the global architecture and governance on all major international economic issues. G20 members represent approximately 85% of the global Gross Domestic Product (GDP), 75% of world trade, and approximately 2/3 of the planet's population.

In 2023, the Republic of India chaired the G20 and hosted the Summit of Heads of State and Government. Since December 1, 2023, the Federative Republic of Brazil has held the Rotating Presidency of the G20 and will host the Leaders' Summit in 2024.

In addition to Brasil, the G20 member countries are India, South Africa, Argentina, Australia, Canada, China, France, Germany, Indonesia, Italy, Japan, Mexico, Russia, Saudi Arabia, South Korea, Turkey, the United Kingdom, the United States of America, the African Union (which will participate for the first time this year) and the European Union.

Spain is a permanent guest at the G20, which also includes countries invited by the host country to participate during the term. Under the Brazilian presidency, the current invited countries are Angola, Egypt, Nigeria, Norway, Portugal, Singapore, and the United Arab Emirates.

Brazil holds the G20 presidency from December 1, 2023, to November 30, 2024. Initially, the G20 focused mainly on general macroeconomic issues but has expanded its agenda to include topics such as trade, sustainable development, health, agriculture, energy, the environment, climate change, and the fight against corruption.

The G20 Summit represents the conclusion of the work carried out by the country that holds the group's rotating presidency. It is the moment when heads of state and government approve the agreements negotiated throughout the year and outline ways to deal with global challenges. In Brazil, the event is scheduled for November 18 and 19, 2024, in Rio de Janeiro.

G20 Social

President Lula introduced the **G20 Social** at the 18th Summit of Heads of State and Government of the G20 in New Delhi, India. This initiative, a key part of Brazil's presidency, aims to amplify the involvement of non-governmental actors in the G20's activities and decision-making processes, under the theme "Building a Just World and a Sustainable Planet".

As a plural and diverse country with the authority to address fundamental issues such as climate change and the fight against hunger and poverty, the G20 Social will provide space for the different voices, struggles, and demands of the populations and non-governmental agents of the countries that make up the world's largest economies.

This is how the Brazilian Presidency of the G20 aims to strengthen debates on the most diverse topics addressed in the Official Engagement Groups, which should reflect the global nature of the common challenges experienced by our populations. In addition, it intends for the contributions of civil society to be analyzed and, where appropriate and where there is consensus, incorporated into the Leaders' Declaration.

The 13 engagement groups that are part of the G20 Social are: C20 (civil society); T20 (think tanks); Y20 (youth); W20 (women); L20 (work); U20 (cities); B20 (business); S20 (science); Startup20 (startups); P20 (parliaments); SAI20 (courts of auditors); J20 (supreme courts) and O20 (oceans).

The highlight of the G20 Social will be the Social Summit, which will take place from 15 to 17 November 2024, on the eve of the G20 Leaders' Summit, both to be held in Rio de Janeiro.

Youth20 - Y20

As an integral part of the G20 Social and a key hub for the civil society dialogue forums, **Youth20 (Y20)** is the Official Youth Engagement Group of the G20.

OFFICIAL YOUTH ENGAGEMENT
GROUP FOR THE G20
BRAZILIAN PRESIDENCY 2024

This year, the Brazilian Presidency of Y20 proposes reflection around five priority themes, which will be the subject of discussion among five delegates from each country that will participate in the Brazilian edition of the G20: the nineteen member countries (Brasil, India, South Africa, Argentina, Australia, Canada, China, France, Germany, Indonesia, Italy, Japan, Mexico, Russia, Saudi Arabia, South Korea, Turkey, the United Kingdom and the United States of America), the two regional member bodies (the African Union and the European Union), as well as Spain, Angola, Egypt, Nigeria, Norway, Portugal, Singapore and the United Arab Emirates — the invited countries.

Y20 Brasil 2024 Themes/Tracks

1.	Fighting Hunger, Poverty and Inequality;
2.	Climate Change, Energy Transition and Sustainable Development;
3.	Reform of the Global Governance System;
4.	Inclusion and Diversity;
5.	Innovation and the Future of Work.

OFFICIAL YOUTH ENGAGEMENT
GROUP FOR THE G20
BRAZILIAN PRESIDENCY 2024

Y20 Kick Off Meeting

The **Kick Off Meeting** was the launch and dissemination event for the Youth20 (Y20) process in 2024, held on March 20th. Its purpose was to expand the space for institutional presentations on the activities to be developed and qualified exposition on the themes prioritized within the scope of the Engagement Group.

The event took place in person at the Brazilian Ministry of Foreign Affairs. It was attended by the Brazilian Sherpa for the G20 (Mauricio Lyrio), the Minister of the General Secretariat of the Presidency of the Republic of Brazil (Márcio Macêdo), the National Secretary of Youth of Brazil (Ronald Sorriso), representatives of the Embassies of the G20 members, representatives of the Federal, State, District and Municipal Governments of Brazil, representatives of the National Youth Council, as well as members of the other official G20 Engagement Groups, media outlets, international organizations and, mainly, civil society (including youth leaders, political parties, social movements and activists, youth organizations and organizations supporting young people).

Recognizing the essential need for broad participation and the importance of making the content accessible to as many people as possible, especially young people from all over the world, the activities were recorded and are available virtually. This ensures that no one is left out and everyone, regardless of their location, can be part of the Y20 process. The link to the virtual activities is: <https://www.youtube.com/watch?v=NPVONyWzPyM>

Youth participation in the Y20 Kick Off Meeting

Regional Dialogues

Maintaining the G20 protocol, the Youth20 negotiation spaces are restricted to international delegations. However, the Y20 Brazil 2024 Governance has implemented strategies to disseminate the discussion agendas to civil society, thus ensuring plural representation and expanding the participation of Brazilian youth.

The **Regional Dialogues**, selected through a public notice, have as their main objective to stimulate the decentralization of the dialogue on the priority topics of discussion for Youth20 (Y20), through the holding of associated in-person and virtual events throughout Brazil.

To date, 30 Regional Dialogues have been approved, and due to the demand for holding more events, a new selection was reopened. The organizers will systematize the discussions in these spaces, under the coordination of the Youth20 (Y20) governance, for later final systematization and presentation of conclusions as part of the subsidy for the Brazilian Delegation's impact on the Y20 Summit.

Participation of Asanda Luwaca, Chair of the next edition of Y20 (South Africa) in the Youth20 Regional Dialogue in Fortaleza

Y20 Regional Dialogue in the Pedra d'Água village, in the Xukuru do Ororubá indigenous territory, in Pesqueira (PE)

Y20 Side Event at ECOSOC Youth Forum

As part of the Y20 set of activities on April 17, it was held at the Consulate General of Brazil in New York the side event "Y20 and the Summit of the Future: Youth Leading Global Change", which brought together leaders of civil society and government authorities from the G20 countries to discuss and strengthen the role of young people as leaders of global change.

The event took place as one of the activities associated with the Youth Forum of the Economic and Social Council of the United Nations (ECOSOC Youth Forum). The meeting was attended by global leaders such as the United Nations Assistant Secretary-General for Youth Affairs, Felipe Paullier; the Secretary General of the International Youth Organization for Ibero America, Max Trejo; the National Secretary of Youth of the General Secretariat of the Presidency of the Brazilian Republic, Ronald Sorriso; the Chairman of Y20 and President of the National Youth Council of Brazil, Marcus Barão; the Co-Chair of the Y20, Ingrid Siss; and the Executive Secretary of Y20, Pedro Duval. Among the other participants will also be experts, representatives of international organizations, government authorities, activists, and leaders of the civil society of the G20 countries.

The audience for the event reached the maximum capacity of the place, with 100 people participating in person. And to ensure access to information and discussion content, an international broadcast of the event was carried out through the live coverage carried out by the regional office of Grupo Globo. The article can be checked through the link: <https://g1.globo.com/df/distrito-federal/noticia/2024/03/20/grupo-de-juventude-do-g20-se-reune-em-brasilia-pela-primeira-vez-na-historia-o-youth20-sera-liderado-pelo-brasil.ghtm>

Y20 Pre-Summit

The state of Pará will host the 30th Conference of the Parties (COP30) in 2025, the largest global environmental event. Considering the state's relevance to the debate on the agenda and its special connection with one of the priority topics of discussion of Youth20 (Y20)—Climate Change, Energy Transition, and Sustainable Development—the city of Belém do Pará was chosen to host the **Y20 Pre-Summit**.

The Pre-Summit took place between June 17 and 19, 2024. During the activities, the Y20 Delegations met in a hybrid manner, using a methodology that covered the five priority axes of Y20 Brazil 2024 and developed the guidelines for the negotiation process of the Communiqué (Official Communiqué of the Youth to the G20 Leaders' Summit), to be agreed upon during the Y20 Summit. At the same time, the event brought together more than 1,000 young people from the Brazilian Legal Amazon who participated in the opening ceremony, dialogue panels, and working groups — and at the end, a letter of recommendation was presented to the Official Y20 Delegations. In addition to local young people from the State of Pará and Y20 Delegations, the meeting brought together representatives from countries in the Amazon Cooperation Treaty Organization (ACTO), representatives from all Brazilian states, young leaders, and social, youth, and environmental activists.

The specific objectives of the Y20 Pre-Summit were:

- *To promote debates and lectures on the themes proposed by the Brazilian Presidency of the G20, considering respect for human rights and sustainable development;*
- *To share the perceptions, political views, and priorities of the Official Y20 Delegations in each thematic axis;*
- *To promote meetings between the Official Y20 Delegations and youth movements and organizations in Brazil, with a particular emphasis on youth from the Amazon;*
- *Deepen discussions on the environment and climate change at the G20, with solid contributions and protagonism from Amazonian youth;*
- *Strengthen connections between the G20 and Y20 debates and COP 30;*
- *Strengthen the integration of young leaders from the states of the Legal Amazon and their relationship with young leaders from G20 countries.*

Delegations Meeting - Y20 Pre-Summit

Ronald Sorriso - Brazil's National Youth Secretary

Youth participation in the Y20 Pre-Summit

Y20 participation in the 3rd Sherpa Meeting

Youth20 has been invited to participate in a joint meeting between the Sherpas and the coordinators of the G20 Engagement Groups on the occasion of the 3rd Sherpa Meeting in the context of the Brazilian mandate. The meeting took place in Rio de Janeiro on July 4th.

On a historic day for the G20 Brazil, for the first time the 13 G20 Social Engagement Groups presented their initial considerations to the Group's countries directly to the Sherpas, in a moment that represents Brazil's proposal to include civil society in discussions and decision-making processes on global issues.

"The Sherpas are responsible for preparing this process, assisting leaders to organize the final Summit, and also producing the Leaders' Declaration", explained the Brazilian Sherpa, Ambassador Mauricio Lyrio. "We prepared and negotiated the texts so that the leaders can endorse them or make modifications in specific parts. Some issues are naturally left for the final negotiations, as not everything can be negotiated or solved beforehand."

The Sherpas discussed the advancement of the work under the Brazilian G20 presidency, with a particular focus on the task forces for a Global Alliance against Hunger and Poverty and the Global Mobilization against Climate Change.

Y20 participation in the 4th Finance and Central Bank Deputies Meeting

On July 22, there was another historic moment in the G20 presidency. Civil society, through the Engagement Groups, was invited to speak at the **Finance and Central Bank Deputies Meeting** for the first time.

The meeting was part of the G20 session, within the meeting schedule in Rio de Janeiro (RJ). Then, on July 25 and 26, the 4th Finance and Central Bank Deputies Meeting was held at the same location.

In addition to the 13 Engagement Groups that make up the G20 structure, representatives from the Economic and Social Development Council and leaders from Brazilian favelas who make up Favela20 (F20), an engagement group formed to forward proposals and demands from communities to be discussed by the G20 Social, also participated. Gustavo Westmann, head of the Special Advisory Office for International Affairs of the SGPR and representative of the organizing committee for the G20 social summit, represented the department on behalf of the General Secretariat of the Presidency of the Republic. Each representative had a four-minute speaking time to present proposals that could be taken to the Finance Track negotiating table. The meeting was part of the G20 Finance Track, which has seven technical groups and three task forces dealing with issues ranging from international taxation and taxation of large fortunes to combating hunger, poverty, and climate change.

Y20 Summit

- **Event dates**
August 10-17, 2024, with an official opening on August 12
- **Event City**
Rio de Janeiro, Brasil
- **Core objectives and target audience**

The **Y20 Summit - Official G20 Youth Engagement Group Summit** will be held in 2024 in Rio de Janeiro, symbolically during the week of International Youth Day, and will take place at the end of an extensive agenda of meetings and events throughout the year — presented throughout this document. In the context of this impact during the months leading up to the G20 Leaders' Summit under the Brazilian presidency, Youth20 promoted debate across Brazil on its five thematic tracks, with in-person and virtual plenary sessions, to ensure a process with social solid participation of Brazilian youth and young immigrants and refugees residing in Brazil.

The Y20 Summit will feature the participation of Official Delegations of young people from G20 member countries and guests, who will meet in Rio de Janeiro in August 2024, along with other young people and special guests, authorities, youth policy managers, youth organizations, international organizations and other supporters of the Engagement Group process and its central areas of action. At the event, the Delegates will be able to negotiate and summarize their perspectives on the 5 thematic working groups and, in this way, outline the perspective of young people for this important economic, social, and political forum.

In parallel with the negotiations of the 'Communiqué' (Official Statement) to be presented at the G20 Leaders' Summit, the Y20 Summit will feature training, discussion, and cultural exchange activities aimed at the Delegations and also open to the public through coordination with civil society — including young people served by public policies and projects in Rio de Janeiro and young people living in other parts of Brazil.

The aim of this dialogue between and with young people is to foster effective participation within the G20, with the drafting of a declaration containing the demands and priorities identified during the participatory process in the months before and during the Summit. This declaration will reflect the priority agenda of youth, to be widely disseminated throughout society and formally presented to the G20 Heads of State or Government.

OFFICIAL YOUTH ENGAGEMENT
GROUP FOR THE G20
BRAZILIAN PRESIDENCY 2024

Officially held since 2010, Y20 has become widely recognized as one of the most influential international forums and one of the most important in the world on the subject of youth. This is mainly due to its uniqueness as the only youth platform officially recognized by the G20 for youth representation and advocacy in discussions relevant to the Group.

In this context, Y20 is responsible and committed to representing the plurality and perspectives of youth before the leaders of the world's largest economies, which play a relevant and impactful role in the global socioeconomic scenario.

Under the Brazilian presidency of the G20, the Youth20 Summit in 2024 will explore the diversity of experiences and cultural richness of the city of Rio de Janeiro. It will provide the opportunity to share experiences and knowledge among young people from Brazil and from different parts of the world, in parallel with the process of consolidating its Communiqué.

The city of Rio de Janeiro has a territorial area of 1,200.329 km². It is known worldwide as the Marvelous City. Rio transcends its stunning geography to reveal a rich history, dynamic economy, vibrant culture, unique cuisine, and great importance for tourism.

Rio de Janeiro's history is intertwined with Brasil's formation. Founded by the Portuguese in 1565, the city was the scene of key moments in Brazilian history, from the Colonial Period to the Proclamation of the Republic.

Rio de Janeiro's economy is diversified. As a financial and commercial center, it is home to national and international companies. The city stands out as a cultural and entertainment hub, with events such as Carnival and New Year's Eve attracting millions of visitors. Monuments such as Christ the Redeemer, which watches over the capital from the top of Corcovado, and Sugarloaf Mountain symbolize a unique history.

Beyond its natural beauty, Rio de Janeiro is a vibrant cultural hub, where museums, theaters, art galleries, and cultural spaces thrive. The city's culture is a lively mix of rhythms, colors, and celebrations. From the infectious beats of samba to the energetic vibes of funk, including the grand samba school parade during Carnival, Rio is a city that pulsates with music and dance. Street art, expressed in murals and graffiti, adds an authentic splash of color to the metropolis, making it a place of constant excitement and intrigue.

The city's cuisine is not just a meal; it's a sensory adventure. From feijoada, Brasil's national dish, to beach delicacies such as codfish balls and tapioca, the gastronomic diversity is a reflection of the city's rich cultural mix. In traditional neighborhoods such as Santa Teresa, restaurants offer a variety of dishes, each a unique blend of flavors and textures, promising a culinary experience like no other.

Rio de Janeiro attracts visitors from all over the world. Its iconic beaches, such as Copacabana and Ipanema, are postcard settings. The capital of Rio de Janeiro is more than a city; it is a state of mind, a celebration of diversity, and a source of inspiration. This rich history makes Rio a Brazilian treasure, where natural beauty meets cultural exuberance, forming a mosaic that captivates and enchants the world.

Participation modality and arrival in Rio de Janeiro

As previously instructed to the Official Y20 Delegations, participation in the Summit will occur **exclusively in person, with registration of Official Delegations using the form sent** (<https://forms.gle/MsQ63yHoCe7rbKYT7>).

We reiterate that the official schedule for Delegations to arrive in Rio de Janeiro includes August 10th and 11th. In this sense, **the Organizing Committee is responsible for the logistical support of Official Y20 Delegations between August 10th and 17th, 2024.**

Y20 will cover the logistical costs of accommodation, transfers, and meals for Delegations during the official event dates. The receptionist will be identified at the airport, and there will be ongoing dialogue with international guests to update them on the status of their travel arrangements.

Requirements for entry into Brasil

We recommend that international Delegations **find out in advance about the official requirements and guidelines for entry into Brazil, as well as issues such as visa requirements and vaccination (even when this is only a recommendation).** The Y20 2024 Organizing Committee is not responsible for entry procedures, which delegations must verify in accordance with the applicable regulations of the respective country; however, we are available to provide guidance, send invitation letters, or provide other possible forms of support when necessary.

Transfer

Upon arrival at Rio de Janeiro, Delegations will have a bilingual team (English and Portuguese) to provide directions. Participants should then introduce themselves, stating their name and country of origin.

Transfers to accommodation will be provided by the event organizers.

Accommodation

The event organizers will support the check-in procedures and provide the necessary information. The costs of accommodation, which includes breakfast and Wi-Fi connection for guests, will be covered by the event. However, any minibar consumption and other services with an extra cost are the responsibility of the guests.

Food

Meals for guests will be provided by the event organizers. The menu will include options for vegetarian and vegan diets, as well as a variety of regional Brazilian options and traditional dishes known worldwide, with references to national and international cuisine.

Requests related to dietary restrictions/allergies and similar issues must be communicated through the registration form for the event.

Mineral water will be provided throughout the event, and other beverage options will be provided during meal service.

Accessibility

All activity areas are accessible for **wheelchair users or other people with reduced mobility**.

For people with **other conditions**, such as visual, hearing, or other disabilities, the event organizers must be informed about the respective accessibility needs for participation.

Local currency and time zone

The local currency in Brazil is the **Real (BRL / R\$)**. We recommend that any exchange services be carried out at the airport upon arrival in Brasil. In the case of countries that use currencies with less global circulation, we recommend having dollars for this procedure.

The time zone of Rio de Janeiro is **GMT-3**.

Climate

The climate of the city of Rio de Janeiro is predominantly tropical, with **high temperatures** as its main characteristic.

The locations of the Y20 Summit activities will be **air-conditioned** so that we have milder temperatures during the event activities. In this sense, we recommend the use of **light clothing** but also that participants have appropriate attire for the institutional agenda.

We also **emphasize the importance of constant hydration/water consumption**, as well as the **use of sunscreen**.

Internet Services

The locations where the Y20 Pre-Summit activities will be held, as well as the hotel where guests will be staying, have **Wi-Fi connection**. Information on how to access the Internet will be transmitted during the activities.

Participants can purchase cell phone chips from Brazil on their own initiative, and the team will be available to assist with information on where to find them. For cell phones with this technology, we strongly recommend using **eSIM (virtual chip)** and specialized applications for trading data packages for international travel.

Language of activities

The **official language of the Y20 Brasil 2024 track negotiation rooms will be English**. Exceptionally, the Final Negotiation Room will have simultaneous trilingual translation in Portuguese, English, and Spanish.

The interaction activities between the Official Delegations and other participants in the Y20 Summit's social participation agenda will also be carried out with trilingual simultaneous translation.

Standard socket plug in Brasil

Brazil uses Type N, a three-pin standard, whose technical name is NBR 14136. Despite the adaptation of accommodations, we recommend the use of universal adapters and portable chargers.

Safety protocols

Especially in the context of an international and multicultural event, we emphasize **the importance of respecting diversity, Human Rights, and applicable laws.** If events occur that violate the moral and/or physical integrity of any participant, the participant must immediately notify the event organizers for the appropriate procedures.

We recommend **that all participants always have the telephone number of the focal point for the event organization** (the country code for Brazil is +55). We recommend that participants avoid walking alone in facilities outside the hotel and the event venues and that any movements to other locations be reported to the focal point as a safety measure. In this sense, it is also essential that the guidelines **regarding schedules (which will be transmitted in the Rio de Janeiro, Brazil, GMT-3 time zone), meeting points, and similar information** are followed.

Focal point for contact

Ingrid Siss - Co-Chair of Y20 Brasil 2024

E-mail: co-chair@y20brasil.org

Schedule - Y20 Summit

As announced, the Y20 Summit - Official G20 Youth Engagement Group Summit will have seven days of programming between August 10 and 17, 2024. Of these, **August 10 and 11 are reserved for the arrival and accommodation of participants from other locations in Brasil and the world to Rio de Janeiro. August 17 is reserved for their departure.**

Below, we will present a preview of the Summit's program, which condenses an official set of activities aimed at the Official Y20 Delegations and spaces for integration and social participation with Brazilian youth, as well as associated activities by Y20 partners - to be held simultaneously during the event days.
